### A. EXECUTIVE DIRECTOR'S REPORT

#### 2018 LANSING MIXER/LEGISLATIVE MEETINGS

For this year's Lansing Mixer, a luncheon is scheduled at the MML offices. CWW will schedule meetings between board members and our Senators and Representatives before and after the luncheon. **The date is set for Tuesday, May 1, 2018.** Details will follow, and Ms. Sellek asked board members to hold the date on their calendars.

#### YOUTH ASSISTANCE PROGRAMS (YAP) 2018

On December 14, 2017, the CWW 1/10 Mil Committee met to determine the YAP allocations for the 2017/2018 FY.

Beginning April 1, 2017 CWW signed a new YAP contract with the county covering 30 months, including a short contract period between April 1, 2017 and September 30, 2017. This contract also adopted a unit fee reimbursement process. The fees were established based on input from all programs to represent a common cost per unit for each type of service. Input from the programs was also used to project approximate levels of utilization. (The unit fee reimbursement was not implemented until May 2017).

Not all YAPs were able to utilize all of their allocation for the short duration (5 months). After discussion, the committee determined it would be best to continue as is, but have the YAPs that underspent submit action plans for increasing utilization. Ms. Sellek advised that CWW will continue to monitor and can adjust the allocations as we proceed.

The CWW 1/10 Mil Committee voted unanimously to recommend the following proposed YAP allocation for FY 2017-2018:

- Maintain target allocation at current levels.
- Request programs which were underspent to submit action plans for increasing utilization
- CWW to monitor and adjust allocations.

Motion by O'Reilly, supported by Rowe to approve the proposed YAP allocation for FY 2017-18 as presented.

AYES: All. Motion carried.

## **B. LEGISLATIVE UPDATE**

### PROTECTING LOCAL GOVERNMENT RETIREMENT AND BENEFITS ACT

Ms. Haynes advised that the new pension and OPEB reporting requirements took effect in December 2017. The new law requires all local governments who provide retirement pension benefits and retirement health benefits to report to the state their funding ratios.

## PROTECTING LOCAL GOVERNMENT RETIREMENT – CONTINUED

For each retirement plan, the following must be reported:

- The plan's funded ratio (by specifying assets and liabilities)
- The ARC (annual required contribution) – if it is a retiree health care plan
- The ADC (actuarial determined contribution) – if it is a retirement pension plan
- The local unit of government's annual governmental fund revenues

Under the Act, Treasury is required to begin making determinations of "underfunded status" beginning January 1, 2018. The Act specifies the report is due no later than six months after the end of the local unit of government's fiscal year. Therefore, for local units with fiscal years ending January through June 2017, the report should be submitted by January 31, 2018.

For local units with fiscal years ending after June 30, 2017, the report should be submitted within six months from the end of the local unit of government's fiscal year. Ms. Haynes included the Treasury's website information where the template for reporting is located.

## PRIMARY BALLOT CHANGES

House Bill 5207 (Howell, R-North Branch) would mandate single party primary ballots. This eliminates the current practice of printing both political party tickets on the same ballot. Included in this legislation is a requirement for the Secretary of State's office to develop a system for clerks to keep a record of each voter's name, address, QVF number and ballot chosen. This information would be subject to FOIA and must be made available to state political parties within 30 days of the election.

Ms. Haynes explained that there is an \$800,000 appropriation to help cities, townships, and counties comply and to make the legislation referendum-proof. Mayor Roth was shocked at the level this bill reaches into the privacy of voters. Mayor O'Reilly and Supervisor Kobylarz both talked about how the bill would discourage voters. Supervisor Nix wanted it noted that the vote to oppose this legislation is unanimous.

Motion by Kobylarz, supported by Roth to oppose Bill 5207.

AYES: All. Motion carried.

## FEDERAL MARIJUANA CHANGES

On January 4, 2018, US Attorney General Jeff Sessions rescinded an Obama-era policy that eased enforcement of federal marijuana laws in states that legalized the

drug. Ms. Haynes said that although the memo is vague, it is believed to allow local federal prosecutors to make a judgment call on which crimes to prosecute. In speaking to the Detroit News, Wayne County Sheriff Benny Napoleon said "his department would be involved if asked by federal agents. But it's more likely that little will change in the county."

At the state level, 82 applications for medical marijuana licenses have been received. Sixty-eight of those were pre-qualifications, meaning the business was applying for the license before having a specific location secured. CWW will continue to monitor at the federal and state levels.

### REGIONAL TRANSIT AUTHORITY MILLAGE INCREASE

The Regional Transit Authority is preparing to come to voters again this fall for a millage increase. At this point, no details have been released. Wayne County Executive Warren Evans is said to be leading the new push.

CWW is working with the Executive's office to have a discussion at the February board meeting in Romulus regarding the new proposal.

### LEAD AND COPPER RULE CHANGE

The federal government has delayed an update to regulations aimed to reduce lead in drinking water. Originally, the Environmental Protection Agency was to publish proposed changes to the Lead and Copper Rule this month. The delay will push back the release until August 2018 with final implementation occurring as early as February 2020.

As Ms. Haynes mentioned in December, the State is looking to update its regulations. There will be a public meeting on the changes in Lansing on January 30, 2018 at the Lansing Center. The time has yet to be announced but will be in the evening. CWW will be present.

Mayor Rowe voiced concern about House Bill 4176, as it allows neighborhood watch programs to use flashing lights on their vehicles, and she feels this may put police departments in an adversarial position with neighborhood organizations, especially if drivers think they have some form of authority. Ms. Sellek and Ms. Haynes will look into this legislation and bring more information to the February meeting

## **11. PRESENTATION**

### **A. SCHOOLCRAFT COLLEGE**

Ms. Gebhart talked about the exceptional police and fire academy at Schoolcraft College that is available to our communities.

two years ago their millage issue failed (when WCCC's millage was successful.) She also asked how the communities thought the college should go about asking for a millage increase.

Mayor Pro Tem Lynch said Garden City may have a roads millage request. Supervisor Nix said it may be helpful for residents to know the financial impact to the college should another millage fail.

Ms. Gebhardt introduced Schoolcraft President Dr. Conway Jeffress to the board. Dr. Jeffress said that the college has lost \$4 million a year since 2008. They just had an employee buyout.

Ms. Gebhardt said that when the Schoolcraft Board of Trustees makes a determination on asking for a millage, she will be back to address the CWW Board.

### **12. STATE AND ELECTED OFFICIALS' COMMENTS**

State Representative Jeff Noble introduced himself, and said he is always available to meet in-district. He will give his cell number to any board member that needs it.

Andrew Kandrevas was at the meeting representing Wayne County Executive Warren Evans. He advised that the Metro Airport Authority has a new interim director while they look for a permanent director. He also said that the county's new CFO is Henry Dachowitz.

Supervisor Heise asked Mr. Kandrevas if he could get a copy of the executive team flow chart for contacts at the county including department heads. Mr. Kandrevas said he will get that to Supervisor Heise.

Wayne County Commissioner Al Haidous talked about the Commission losing Burt Leland, as he resigned. He also mentioned that they are looking to have a jail proposal by the end of February.

### **13. OTHER BUSINESS**

Mayor Burcroff invited all communities to attend a meeting regarding CSX that is being hosted by the City of Romulus on January 25, 2018 at 2:00 p.m. at Romulus City Hall. Mayor Burcroff and Supervisor Glaab will be putting an agenda together for the meeting.
